Losses in Collicricsiinits of BCCL

475. SHRI GYAN RANJAVJ: Will the Minister of COAL be pleased to state:

(a) the details of collieriesAinits in BCCL which are running into losses; and

(b) what are the reasons for their losses and what action is being taken to convert them into profit making units?

THE MINISTER OF STATE OF THE MINISTRY OF COAL (SHRIMATI KANTI SINGH): (a) 76 collieries in Bharat Coking Coal Limited (BCCL), of which 73 are underground and 3 opencast, are operated at a loss at present.

(b) The reasons for losses in these collieries are given below:

(i) Adverse gco-mining conditions leading to low productivity in the mines.

(ii) Heavily built up area all around, which affects operations and also the capacity utilisation of equipments.

(iii) Surplus manpower leading to high wage cost.

(iv) BCCL was all along under administered price regime wherein the sale price was far too low compared to the cost of production. De-regulation of pricing of some categories of coal
